

Year 10 Media Semester 2 2016

UNIT GOALS

The specific goals of this unit are for students to:

- Extend visual literacy by learning to use film language to describe and interpret meaning in photography and film
- Create images that inform, entertain and persuade audiences and that recognise the need to use resources sustainably.
- Create a series of images using the codes and conventions of street photography
- Explore and apply interview techniques used in journalism
- Create a photographic portrait series using conventions of portrait photography
- Explore and apply storyboard technique used in film design
- Synthesise knowledge of film design by creating a short film
- Evaluate group participation and process
